

# ICR DISCOVERY CENTER

## DISCOVER MORE

The ICR Discovery Center for Science & Earth History is an educational destination for families, teachers, students, and pastors, with customized experiences for schools, colleges, and churches.

Featured is a world-class planetarium and 200-seat lecture hall equipped with cutting-edge digital projection technology. Visitors will be immersed in the experience of "traveling through space" and marvel at the enormous scope of the universe, as well as its perfect design by the Creator (Psalm 19:1).

The Discovery Center features exhibits with interactive displays, touch screens, holograms, lifelike animatronic creatures, and a multimedia Ice Age Theater. Visitors experience an amazing journey from creation to Creator where they see, explore, and discover how science confirms the accuracy of Scripture's account of creation (Genesis 1:1; Psalm 33:6, 9).

The ICR Discovery Center is a project of the Institute for Creation Research (ICR). For almost 50 years, ICR scientists have conducted research related to the questions of origins and Earth history. We communicate their findings through a variety of biblical science resources, including *Acts & Facts* magazine, *Days of Praise* devotional, books, podcasts, online news articles, DVD series, and live events.

The ICR Discovery Center will inspire the next generation with the wonders of our Creator and teach them how to view science and Earth history from a biblical worldview.

**DISCOVER**  
HOW SCIENCE CONFIRMS CREATION  
GENESIS 1:1

## PLANETARIUM & FOUNDER'S HALL

### PLANETARIUM

Explore the wonders of our solar system. Shows run continuously throughout the day. Separate ticket required.

### FOSSIL DISPLAY

Discover more about the past by looking at the clues left behind.

### FOUNDER'S HALL

Listen to discussions on a variety of topics in our 200-seat auditorium. Check the schedule for current topics.

## VISITOR SERVICES

### TICKETS & INFORMATION

Purchase tickets and find out more about what ICR offers.

### DISCOVERY STORE

Take home a creation-based resource for further discovery.

## ICR DISCOVERY CENTER EXHIBITS

### FOUNDERS OF SCIENCE

Listen to the accounts and discoveries of some of the greatest scientific minds.

### ORIGIN OF THE UNIVERSE

Journey back to the dawn of time and marvel at God's work in creation.

### GARDEN IN EDEN

Experience the beauty of God's creation and humanity's fall from perfection.

### THE FLOOD

Discover evidence of the year-long, planet-covering Flood and marvel at the construction of the Ark.

### LIFE ON THE ARK

Step onto the Ark and learn how Noah's family and the animals survived their arduous voyage.

### GRAND CANYON

Explore the post-Flood world of the Grand Canyon and learn what the layers of strata reveal.

### BEASTS OF THE EARTH/ DRAGON ENCOUNTERS

Marvel at the diversity of beasts that roamed the planet after the Flood. See human encounters with dinosaurs throughout history up to the late 1200s.

### BAOBAB TREE

Learn the secrets of the past from a 1,000-year-old tree.

### MOUNT ST. HELENS

Observe an ecosystem rapidly changing due to a catastrophic event.

### LIFE IN THE ICE AGE/ICE AGE THEATER

Shiver in the frigid atmosphere of the Ice Age and learn the scientific data that show the age of this period. Experience what life was like during the Ice Age for man and beast.

### TOWER OF BABEL

Hear the language confusion that caused humanity to "fill the earth" and form the nations we know today.

### CURRENT RESEARCH

Examine the facts of genetic design, soft tissue dinosaur remains, and many other proofs of creation that dispel the myths of evolution.

### LIFE OF CHRIST/THE RETURN

Revel in the story of Christ's life and resurrection. Witness the Creator, Savior Redeemer, and His return as King!
