

# Good Stewards

Our Creator, the Lord Jesus, is the ultimate Giver. He provides the most amazing gifts! From our beautiful planet to the cuddliest animals, sweetest friends, and so much more, there's a whole lot to thank Him for. When we take care of the things God has given us, it honors Him. What are some ways that you can be a good steward today?

- ✓ Stewardship means looking after something that's placed in your care.
- ✓ In the beginning, God told humans to rule over His creation. He gave us an important job to steward the nature that fills our planet.
- ✓ We need to be active (or work hard) to keep our air, water, and soil clean.
- ✓ We're called to be good stewards of other things, too, like our bodies, possessions, and money.
- ✓ By learning about how Jesus takes care of us, we can become better stewards ourselves.

“As each one has received a gift, minister it to one another, as good stewards of the manifold grace of God.” (1 Peter 4:10)

## I SPY

Count the number of each gardening object and record it in the right circle.

### Did you know?

God created you with all sorts of incredible talents! Maybe you like to write, draw, or play a musical instrument. Whatever your gifts are, you can practice and use them to help others. It's how we can be good stewards of the abilities God has given us.

### Recycled Planter

You can be a good steward by recycling or reusing things. Supplies: empty bottle, can, or cup; acrylic paint; a paintbrush; pebbles; soil; and plants or seeds

1. Remove any labels.
2. Ask an adult to help cut the bottle down to about four inches.
3. Apply your favorite paint color on the outside.
4. Once it's dry, add a layer of pebbles to the bottom of the bottle.
5. Put in soil and add the plant or seeds.
6. Water your plant and watch it grow!
