**Y**ou are deeply loved by God! This certain truth is expressed in a Scripture that sums up the gospel of Jesus Christ: "For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish but have everlasting life" (John 3:16). We all need Jesus as our Savior because we are all sinners and can't by our own efforts fulfill the requirements of God's justice. But Jesus Christ, our Creator, could satisfy the Father's holiness, so He

suffered the punishment for sin on our behalf by dying on the cross. Jesus was made to be sin for us so that—in the most remarkable exchange ever—we might receive the righteousness of God. We can be sure of this because Jesus rose again from the dead. What a gift of love! You can have the promise of everlasting life when you turn from your sin and believe in Jesus Christ as your Lord and Savior. To learn more, visit [ICR.org/gospel](http://ICR.org/gospel).

[Jesus Christ] is the image of the invisible God, the firstborn over all creation. For by Him all things were created that are in heaven and that are on earth, visible and invisible, whether thrones or dominions or principalities or powers. All things were created through Him and for Him. And He is before all things, and in Him all things consist. And He is the head of the body, the church, who is the beginning, the firstborn from the dead, that in all things He may have the preeminence. For it pleased the Father that in Him all the fullness should dwell, and by Him to reconcile all things to Himself, by Him, whether things on earth or things in heaven, having made peace through the blood of His cross.

(Colossians 1:15-20)

Dear Friends,

The Institute for Creation Research is a team of multidiscipline Ph.D. research scientists and support staff who work diligently to conduct scientific research from a creation worldview. We then strive to communicate the Bible-affirming findings in a clear, effective manner to support the local church, defend the gospel, and give glory to our Creator Jesus Christ.

From board books to textbooks, *Creation Connection* YouTube videos to technical DVDs, the resources you find in this catalog are intended to further ICR's mission to worship Jesus, edify believers, and evangelize a lost world. They're designed to educate people of all ages so they may be equipped with answers to the creation-evolution debate and confidently know the Bible is true in all it says.

We're very grateful to our supporters who've enabled our work. We hope you'll join us in our mission by sharing these resources with others, whether they need to be encouraged, assured, or convinced of the accuracy of Scripture and power of the gospel.

In the precious name of Jesus,

Randy J. Guliuzza, P.E., M.D.  
President, Institute for Creation Research

The Institute for Creation Research's In-Depth Science series offers comprehensive evidence supporting the biblical account of Earth's history. Written by Ph.D. experts, these beautiful, full-color books address some of the most important topics in the evolution-creation debate and demonstrate that science aligns with the Bible and not with evolutionary theories.

### ***Chimps and Humans*** ***A Geneticist Discovers DNA Evidence That Challenges Evolution***

**\$19.99** \$29.99 | 1531 | Hardcover  
**Jeffrey P. Tomkins, Ph.D.**

In this book, Dr. Tomkins uses genetic data to dismantle evolutionary assertions of a close human-chimp relationship. Human and chimp genomes are too far apart to make a common evolutionary ancestor even remotely plausible.

### ***The Fossils Still Say No*** ***Paleontology of the Global Flood***

**\$29.99** | 1954 | Hardcover  
**Jeffrey P. Tomkins, Ph.D.**

Dr. Tomkins integrates fossil evidence with ICR's geological research to provide a more complete picture of Flood paleontology. The evidence shows that the fossils say no to evolution and yes to a global flood.

### ***Carved in Stone*** ***Geological Evidence of the Worldwide Flood***

**\$39.99** | 1334 | Hardcover  
**Timothy Clarey, Ph.D.**

Dr. Clarey examines the sedimentary rock record continent by continent, layer by layer. The data provide clear geological evidence of a year-long progressive flood like the Bible describes.

### ***The Ice Age and Climate Change*** ***A Creation Perspective***

**\$34.99** | 1475 | Hardcover  
**Jake Hebert, Ph.D.**

Dr. Hebert scrutinizes climate science and research and finds flawed theories, circular reasoning, and conclusions based on outdated data. Christians have biblical and scientific reasons to reject climate change alarmism.

### ***Rethinking Radiometric Dating*** ***Evidence for a Young Earth from a Nuclear Physicist***

**\$24.99** \$29.99 | 0601 | Hardcover  
**Vernon R. Cupps, Ph.D.**

Dr. Cupps delves into details about the major radiometric dating methods, Earth's magnetic field, radiohalos, zircons, and soft tissue in fossils to uncover what the evidence actually reveals about Earth's age.

We can accept the Bible as true not *in spite* of historical and scientific knowledge but *in light* of that knowledge.

Dr. Thomas is a research scientist at the Institute for Creation Research and a frequent speaker at ICR events. He earned a Ph.D. in paleobiochemistry from the University of Liverpool.
