

Welcome to ICR's Creation Unit Study!

Use this plan to select units to fit your family's needs. This outline equips the whole family to explore wonders of God's creation from a biblical perspective. You can also sign up for *Acts & Facts* magazine at ICR.org, tune in to *The Creation Podcast*, and watch videos at youtube.com/@icrscience—all for free.

Enhance each unit with age-appropriate writing, experiments, activities, or art projects designed to fit your students' learning styles. Suggested books and DVDs are available individually at ICR.org/store, so you can choose exactly what works for your family. Visit the ICR Discovery Center in Dallas, TX, to experience creation science firsthand and see how it confirms God's Word. Blessings on your homeschooling journey!

Watch ICR.org for special offers throughout the year. Each of these resources is available at ICR.org/store or call 800.628.7640.
